AGUSTÍN NICOLÁS LÓPEZ

agus.lopez042004@gmail.com · (+54) 112375-6940· github.com/Agusslo · linkedin.com/in/aguslopezz

Professional Profile

Advanced student of the Systems Programming Technician degree at UTN, with 6 subjects and thesis remaining to complete. Junior developer with hands-on experience in Python, JavaScript and SQL, focused on Full Stack web development, REST APIs and both relational and non-relational databases. I bring operational management and teamwork experience that complements my technical background with organizational and problem-solving skills. I am looking to join a development team where I can keep growing professionally and deliver concrete solutions through technology.

Technical Skills

Languages:	C, C#, Java, JavaScript, Python, HTML, CSS, Lua
Databases:	MySQL, MongoDB
Tools:	Git, Node.js, Express.js, REST APIs, React
Concepts:	Full Stack Web Development, Clean Code, Version Control
Spoken:	Spanish (native) · English (intermediate)

Featured Projects
